### **DETAILED ACTION**

Receipt is acknowledged of applicant's amendment filed December 15, 2005. Claims 1 and 14 have been canceled without prejudice. Claims 2-13 and 15-19 are pending and an action on the merits is as follows.

Applicant's arguments with respect to claims 7 and 13 have been considered but are moot in view of the following grounds of rejection.

#### ***Claim Objections***

Applicant is advised to submit all pertinent information on related or commonly owned Patents and applications for the purpose of eliminating Double Patenting issues and reviewing claims for clarity.

#### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 7 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Eninger et al. (U.S. 5,036,905).

Eninger discloses a high efficiency heat pipe cooling system comprising hollow fluid transport sections communication with hollow bendable fluid transport sections; the

bendable fluid transport sections being bendable to stack the rigid section in a compact volume; and further comprising a further bendable hollow fluid transport section connecting the component in a heat pipe assembly.

***Allowable Subject Matter***

3. Claims 2-6, 8-12 and 15-19 are allowed.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
